

COUNCIL CHAMBERS--CITY COUNCIL
 CITY HALL--CITY OF LODI
 Friday, January 19, 1934

A special meeting of the City Council of the City of Lodi was held, beginning at 8 o'clock P.M. of the date first above written, at the call of the Mayor. Councilmen Clark, Keagle, Spooner, Steele and Weine present, none absent. Each of the above members waived formal notice by signing a consent to the holding of the meeting, wherein it was stated that the purpose therefor was to consider ways and means for the furthering of the approval of the City's application to the Federal Public Works Administration for a loan and grant of moneys to be used in the construction of an hydro-electric power plant on the Mokelumne River.

Mayor Steele stated that the application had been approved by the Public Works Administration for California and by it, forwarded to Washington, D.C. where some action would be needed to insure its consideration and presentation to the proper authorities.

After some discussion, it was decided that Mr Lloyd W. Thayer as being more familiar with the details of the application, would be the proper person to urge the merits of the application, and therefore he was named the City's official representative and directed to proceed to Washington at once by the passage of Resolution No. 704.

RESOLUTION NO. 704

WHEREAS, the City Council of the City of Lodi of the County of San Joaquin, State of California, on September 5th, 1933 unanimously passed and adopted its Resolution No. 687 directing the City Attorney of said City to file with the State Advisory Board of the Federal Administration of Public Works, notice of its intention to apply for a federal loan and grant for the purpose of constructing a hydro-electric power plant on the Mokelumne River together with a transmission line for the purpose of supplying electric energy to the City of Lodi which City has for many years owned its own electrical distributing system, and heretofore and now purchases its electric power from a privately owned company, being the only operating source from which said electric energy could be obtained, and

WHEREAS, thereafter, and as soon as the proper legal and engineering studies could be completed and necessary data assembled, the said City filed its application with the said Federal Emergency Administration of Public Works for a grant and loan in the sum of \$80,000.00 for the purposes aforesaid;

AND, WHEREAS, the said City Council is informed that said application has been favorably received by the California State Advisory Board of the Federal Emergency Administration of Public Works and said City Council is further informed that said application has been forwarded to said Federal Emergency Administration of Public Works at Washington, D.C., for its final consideration, and,

WHEREAS, as shown by the engineering report and other data set forth in said application, it is of great financial necessity and advantage to the City of Lodi that said application be finally considered and that an application of moneys for the purpose of covering the grant and loan applied for be made without further delay so that said power plant and transmission line may be constructed in a minimum time;

NOW, THEREFORE, for the purpose of facilitating the final and speedy consideration of said application and collection of said moneys and in order that all and all necessary details and information may be the better given first hand to said Federal Emergency Administration of Public Works, BE IT HEREBY RESOLVED, that Lloyd W. Thayer be, and he is hereby appointed and constituted official representative of the said City of Lodi for the purpose of taking such steps and conveying such information to the said Federal Emergency Administration of Public Works as may be necessary or proper for the purposes aforesaid, and that, for such purposes, the said Lloyd W. Thayer as representative of said City, go to Washington, District of Columbia, and interview said Federal Emergency Administration of Public Works, and any officials or representatives thereof,

ts of January 19, 1934, continued
(continuation of recital of Resolution No. 704)

COUNCIL CHAMBERS--CITY COUNCIL
CITY HALL--CITY OF LODI

uch other officials as to him may seem fit and proper to
llish the final consideration of said application and
allocation of said moneys in the shortest time possible,
ing the firm desire of the said City Council that the
Power Plant and Transmission Line shall be constructed
ut in final operation in the shortest time possible so
the consequent saving to the said City of Lodi and its
itants and the inhabitants of the rural territory sur-
ing said City may be speedily realized.
